Hi, My name is Petey and I'm going to explain what an Udder Tug is.

What is an Udder Tug? It's a dog toy made from recycled rubber liners used in machines to milk real cows. Contact with all those cows leaves an irresistible cow-smell that us dogs udderly love! Mom calls it "Eau de Bovine!"

"The origins of Udder Tugs."
As a little girl growing up on a dairy farm, I can remember my dad getting mad at the dogs for getting these out of the trash and scattering them all over the yard! Dogs have always loved them. - Petey's Mom

Mom makes them in our basement here in Belle Plaine, Kansas. Here I am working in the **Quality Control Department** where I carefully inspect each tug. I only send the tug maker (my mom) the ones that are perfectly "seasoned" at the

farm.

Don't be fooled by fresh-from-the-factory moo-tugs you may see. Those tugs don't have the magic essence that us dogs love and they don't support rescue. AND...Just in case you're wondering . . . most people find "eau de bovine" to be a little odd, but not offensive. (Mom runs them through a disinfecting dishwasher cycle.)

Durability

If used as an interactive toy (one you and your dog play with together), your tug will last many many months. But, like any other toy, if you let your dog use it as a chew toy, it will be destroyed - but, he'll have a blast doing it.

TESTIMONIALS TO
The Power of
Eau de Bovine!!

That thing smells like COW! Emma LOVES it. She loves it so much that she couldn't go outside and potty, because it wasn't right next to her. I don't think I've ever seen her be so excited about a toy. Thanks!!!!

Sorry to bother but I just received my udder tugs today. They are awesome! I have a hard time getting my terriers to tug and these certainly did the trick! I can't wait to try it at agility class! Thank you for a great product, fast shipping and helping out rescue organizations. Keep up the good work! I know my agility friends will ask where I got my tug and will certainly recommend your company! Janice Thompson & the Manchester Terriers Amherst, Nova Scotia

Just wanted to let you know my order arrived today! I haven't had a chance to play tug with the dogs with the udder toy - they won't let me! Our youngest Golden & our Aussie have been hogging all the fun! <g> They have been playing tug with the udder tug by themselves for over an hour now! Too funny!! I love the T-shirt that I ordered from you! Wonderful quality! Thanks so much for sending a portion of the sale to RAWL. What a great service you are providing! Sally P., Sperryville, VA

Just wanted to say thank you for the great product. Kaiser absolutely loves it. I could hardly get it out of the package and he was ready for it. What a great idea you had....once again thanks a bunch...--Carrie Palomares

The Udder Tug has taken the place of Kong Ball and a tennis ball as the favorite toy. When I open the toy box and tell Trooper to pick a toy he goes for the Tug every time. - Pam T

I am a Deployed Military Dog team, and a few weeks ago our section received a care package from one of the war dog associations that support us, I found your udder tug very interesting so I grabbed it for Sally, my 6 (in one month) year old German Shepard. Sally wants that tug more than any other toy, aside from her primary reward, I will try to send some pictures of us playing with it. Please pass along to Sandra and Brenda of ORCA in Lancaster, PA big thanks for the tug, and thank you for a fun new product. - Sincerely, (name withheld)

*Once Skye smelled the bag they were in, she would NOT let up!! The whole way into the house, she was on her hind legs, pawing and sniffing at the bag. When I set it down, if I hadn't grabbed it again, she would have had it on the floor, tearing into it. I was trying to show my husband the tugs, and Skye would NOT be happy until I gave her a tug to run around with. **Whew! So, if anyone says the dogs don't know the difference, don't believe 'em!!! Silly pups....."** Beth*

Came home from work today and the tug was here. I made a very big deal over Cody's special package. With lots of drama we opened the package and Cody loved the smell of his special toy and actually played with it! I can't tell you what a miracle this is. Cody is my rescue that I have had since June 29, 2002. I have a toy box full of brand new toys that Cody just didn't know how to play with. I am very hopeful that the udder tug will become his "very first toy." - Lori

I can't tell you how much the udder tug has made a difference with my rescue border collie! He didn't know what toys were when I adopted him a year ago, and I spent a small fortune trying different toys to tempt him. It took some work, but "Black Thing" (your udder tug) is his favorite toy now. He fetches, tugs, and plays Attack Black Thing with wild enthusiasm....it's so heartening to see in a young dog who was afraid of people and ignored toys one year ago. I can't thank you enough! - Gail
